Works in Progress

Caiata-Zufferey, M., Di Lascio, S., Ruberto, M.A., ... & Rotondi, V. *Returning to Work After a Cancer Diagnosis*. The project aims to investigate the impact of a cancer diagnosis on the occupational reintegration of workers. The research employs a mixed-method approach, combining qualitative study with panel data analysis from the Swiss Household Panel.

Ruberto, M. A., Gioeli, G., Rizzolli, M. & Maruotti, A. *Understanding Happiness Amidst COVID-19: Exploring Relations, Religion and Trust*. The study is based on a survey analysis conducted in the USA, aimed at investigating whether and how the COVID-19 pandemic has impacted individuals' sense of happiness, through changes in their perception of trust and social relationships, while also taking into account the role of religiosity.

Rotondi, V., Ruberto, M. A., Maione, S & Rizzolli, M. *Deciphering Trust: Narratives and Nuances in the Trust Game Across Bordering Societies* The research aims to investigate the social significance of trust in the border regions between Italy and Switzerland. This will be achieved through the implementation of a trust game, both with and without priming.
